

Blended combined First aid at Work and Paediatric First Aid

This 2-part course is ideal for people who work and deal with first aid for children as well as with first aid at work incidents for adults and enables them to be a workplace First-Aider under the Health and Safety (First Aid) regulations 1981, and a Paediatric First Aider under the requirements of The Early Years Foundation Stage.

Part 1: Learners complete an interactive e-learning module, at their own pace. It will take approximately 6 hours to complete. At the end of the module, learners do a multiple-choice assessment.

Part 2: A two-day interactive face to face session during which learners will be assessed on their practical first aid skills.

Topics covered include:

The Role of the Paediatric/First Aider	CPR and AED use for babies, children and adults
Incident and Casualty Assessment	Choking for babies, children and adults
Dealing with an Unconscious Casualty	Anaphylaxis and use of adrenaline auto-injectors
Asthma	Shock
Minor Injuries	External Bleeding
Eyes, Ears and Nose injuries	Burns

Hypoxia	Hyperventilation
Chest Injuries	Heart Problems and Stroke
Fractures, Dislocations, Sprains and Strains	Epilepsy and Seizures (inc febrile convulsions)
Diabetes	Meningitis
Poisonous Substances	Electric Shock
Body Temperature	Head and Spinal Injuries

Duration: Approximately 6-8 hours

Access: This online course can be completed on any PC or mobile device. Learners can study at their own pace and log in and out as often as they wish.

ELEARNING FEATURES

- Our online module appeals to all learning styles with interactive quizzes, video and audio features
- It allows you to work at your own pace, testing your knowledge as you progress through the course
- It provides a very thorough resource for those with English as a Second Language, giving you the vocabulary, language skills and confidence to pass the practical course.

Assessment*: Self checks after each section of the course and an end of course multiple choice assessment

Certification: On successful completion, learners can download a certificate as evidence that they have passed the course

Accreditation: This course has been approved by the FAIB (First Aid Industry Body)
